## DETAILED THINKERS

Leaders know that to be a disruptor in a competitive Greek Life system it requires radical, detailed thinking. Leaders display ambition and communicate a daring direction that inspires results. They also love details and have a contagious desire for knowledge. They are a unique combination of ambitiousness and free-thinking with a meticulous eye for detail.

## NEW MEMBER OBSESSION

All Leaders have a cause - the new member. Leaders understand their new members and with absolute dedication, ensure that educating the new member comes first. Leaders see the world from the new member's perspective and foresee their problems. They understand that to keep trust, the new member needs to come first above anything else.

## COURAGE

Leaders are not afraid to make decisions. They are not afraid to fail. They know that nothing comes of waiting or hesitating and they step up and make the call. Leaders choose courage over comfort and dare to engage in difficult conversations and decisions. Leaders know their opinions will not always be supported. But no speaking up is not an option.

## DELIVER QUALITY RESULTS

Leaders have no barriers to their output. They don't hesitate and they don't make excuses. Leaders get on and deliver value, consistently. Leaders use their initiative and don't shy away from delivering outside their normal responsibility. They consistently deliver value to the members, to Kappa Sigma and the University today, not tomorrow.

## FIND AND DEVELOP EXCEPTIONAL TALENT

Leaders don't settle for adequacy. They choose, coach and fight to keep exceptional talent. Leaders recognize others more talented than themselves and don't turn them away. Leaders never hold back talent. They see differences as an asset and empower others to succeed on their own unique, irregular path.

## LET THE TEAM SHINE

Leaders understand the value of leveraging differences and building on the strengths of others. Leaders lead by example with integrity, earning trust and respecting others. They see diverging perspectives and experiences as a good thing.

## KAPPA SIGMA MEN LEAD

## START SMALL & LEARN FAST

Leaders start small and put forward their ideas. They test their ideas today so they can learn and improve tomorrow. They can make something out of nothing and understand that constraints should always breed resourcefulness, self-sufficiency and innovation. They do more with less and understand that membership stagnation doesn't start ideas - ideas start membership growth and result in retention.

## CHALLENGE THE STATUS QUO

Leaders never miss an opportunity to disrupt their Greek organization's system. They challenge the status quo, confront the membership's problems and find simple solutions, FAST and with conviction. Leaders experiment and chase their curiosity by testing and adapting their ideas. Leaders embrace change, act on facts, on truth, as they choose innovation over inactivity and poor time management.

## THE STAR AND CRESCENT

The Star and Crescent shall not be worn by every man.  
But only by he who is worthy to wear it.  
He must be a Gentleman, a man of Honor and Courage.  
A man of Zeal yet Humble.  
An Intelligent man. A man of Truth.  
One who tempers Actions with Wisdom.  
And above all else.  
One who Walks in the Light of God.
